

Thank you for considering Silky O' Sullivans for your next event. Group service and private settings are available. We offer:

- A casual, fun experience on historic 183 Beale Street with indoor and outdoor options. Our large outdoor patio space has covered pavilions and weather-permitting, live bands. Inside, we offer live music with dueling pianos every night.
- A full range of food and drink services to accommodate your needs and wants based on your budget and expectations.

Silky's offers a full range of bar service and your method of choice for monitoring the budget:

- Tickets (*more casual feel*) The host determines how many each guest receives based on your budget and what tier level of alcohol you want to offer. We can predetermine how many tickets per guest should be dispensed to stay within your price range.
- Wristbands (*more formal feel*) Our staff will monitor usage and when the tab is getting close to the set amount allocated for alcohol service, the host can be informed, and we can switch to cash bar only, or you can choose to keep the party going. We can help control alcohol consumption and you can preset what drinks are available.
- Cash bar

Silky's offers you the ability to choose a menu that reflects the atmosphere you want for your particular event and group: anything from casual finger food with heavy appetizers to full-course buffets with a classier feel. Menu items can also accommodate any dietary food restrictions. Below is an example of catering menu ideas to guide us in conversations about the direction, feel and budget you want for your event.

*Appetizer buffet menu-choice of 3 for \$10/person.* The buffet can be modified, additional

requests can be handled, can add, or delete choices and the price per person modified accordingly.
